

I Dear sailors, mates and friends of Guido;

On Decembre the 14th and 15th we are holding the 13th edition of the International Guido Depoorter Cup.

This one will be inevitably different from all the past and future editions, since Guido passed away on September 24th.

Besides the usual 2 races and the freestyle, from the board, and with the Depoorter family's collaboration, we've been working a lot and very hard to give him the farewell he deserves.

Saturday 14th will become a day full of activities in memory of our beloved Guido. The best tribute we could do in the sea is to fill the bay with sails, the more the better.

On land, that evening and thanks to Jordi Maré from CDMSPORT we will attend to the presentation of his new book "El legado de Guido Depoorter" (Guido Depoorter's legacy).

Next, we will host a dinner party where we will remember Guido with pictures and videos. Also, everyone who knew him will be able to share their memories.

We want it to be a massive and open to everyone goodbye.

We will transform this memorial weekend in a great patí català party for the best patí's ambassador and missionary: GUIDO DEPOORTER.
